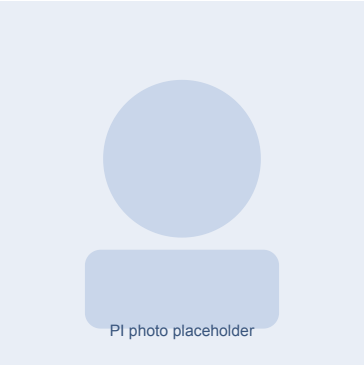
Lab moments

Principal Investigator



Liqi Shu, MD
Interventional Vascular Neurology (Stroke Institute Fellow) • UPMC Department of Neurology (Pittsburgh, PA)
Instructor of Neurology (UPMC) • Adjunct Faculty of Neurology (Brown University)

Key collaborators

Rebecca Hubbard, PhD
Carl Kawaja and Wendy Holcombe Professor of Public Health • Professor of Biostatistics & Data Science (Brown University)
Methods for real-world data (EHR/claims): informative observation, phenotyping error, missingness and confounding; applications across health services research, cancer epidemiology, aging/dementia, and pharmacoepidemiology.

Jonghwan Lee, PhD
Associate Professor of Engineering • Associate Professor of Brain Science (Brown University)
Leads leelab.ai at the intersection of medical photonics, neural engineering, and AI; background in Radiology (Harvard Medical School); recipient of NIH K99/R00. Research interests: biomedical imaging, neuroengineering, optics, photonics.

Zhicheng Jiao, PhD
PI & Director, Brown Radiology AI Lab and Brown Imaging Core
Medical image analysis • computer vision • funded research (NIH/NSF/DoD and others)

Tiffany Xiao, PhD
Economics, UC Santa Barbara

Students & trainees

Elizabeth Lee
Brown PLME

Lukas Strelecky
Brown undergraduate

Junyue Ma
Brown undergraduate → FlexMed (Mount Sinai)

Henry Zheng
Brown undergraduate

Xilin Wang
Northeastern University, CS PhD (formerly Brown)

Levi Neuwirth
Brown undergraduate

Conner Lee
Bowdoin College

Naomi Jack
Brown undergraduate

David Marimekala
Brown undergraduate

Moxin Wu
Department of Medical Laboratory, Affiliated Hospital of Jiujiang University (Jiujiang, Jiangxi, China)

Prior students & alumni

Favour Akpokiere
Brown undergraduate

Christopher Chang
Brown undergraduate

John Huang
Brown undergraduate

Eileen Wu
Brown undergraduate

Anita Zahiri
Brown PLME
